The Selectmen's Word

In submitting our annual report, we will touch briefly on some of the matters that may be of interest to the citizens.

Owing to the heavy financial burdens which confronted our town on our inception into office two years ago, we have endeavored to give very careful consideration to matters of finance, but not, we trust, without due regard to the importance of other responsibilities which were ours.

POOR

Our Poor now number twenty-three persons, some of whom received only partial, others entire support; twelve are dependent children under the care of the State Board of Charities and Corrections; five are very old people, four of whom are practically helpless; all are in good homes and are receiving good care.

ROADS AND BRIDGES

The constantly increasing automobile and heavy truck traffic combine to make our road construction and maintenance one of our greatest problems, the solution of which not even the State has yet been able to accomplish. We believe that some of the old methods now in use are expensive and should be replaced with up-to-date methods and equipment as soon as practical. A contribution of \$100.00 is acknowledged from the Beach Improvement Society and was expended on the newly accepted roads in that section.

The co-operation of the Boston & Maine railroad was secured and the track at Kennebunk Beach station was raised. (The railroad paying for the extra fill caused thereby.) This eliminates much of the sharp grade on both sides of the railroad crossing and makes a decided improvement at that point.

In the interests of economy, a building capable of storing all road equipment, should be erected at some convenient location, where tools and machinery could be protected from the weather.

UNDERGROUND WIRING

Early last year your Selectmen requested the New England Telephone & Telegraph Company to relocate their wires through our Main street. Work was begun late last fall, and underground conduits were laid from central office in Odd Fellows block, along Main, York, to Swan street, the Town having the use of one duct

for the fire alarm wires, the expense all being borne by the Telephone Company. It is expected that next season the Utilities will extend the improvement up Main street and out Portland street to a point near the residence of Mr. B. A. Smith. With the poles and wires eliminated it will greatly beautify our business section.

WHITE PINE BLISTER RUST

Kennebunk was one of the first towns in Maine to heed the warning of the State Forester and make an appropriation to eradicate the cause of this destructive disease among our pine forests. A deputy from the State Office came and supervised the work. A similar appropriation should be made this year to check up and make the work complete.

GYPSY MOTH

Our shade trees were sprayed last season by experts from the State Agricultural Department using the State truck, the Town furnishing the lead. This work seemed to be very effective and should be repeated this year. All nests wherever found should be painted with creosote as soon as the snow is gone. This work should be done by individual owners; creosote for the purpose will be gladly furnished without charge to all who apply to the Selectmen. Our shade trees and our forests are a great asset and should be protected.

The last two years may properly be known as our building era, the completion of the High School Building, New Town Hall, Mousam River Bridge, Sea Wall at Kennebunk Beach, and State Road to Kennebunkport, having been accomplished, but leaving us with a debt totaling \$142,000.00. It should now be our aim to pay off this debt. We are pleased to report that this year it has been reduced \$19,982.00. We recommend the Town create a sinking fund that shall be used to retire the School House Bonds in 1931, when they are callable. If we will practice strict economy, adopt a pay-as-you-go policy, and live within our means, we can without raising our tax rate be free from debt in 1931.

To have been chosen your Selectmen during this important period of our Town history, we regard as an honor, and by your confidence and co-operation, you have made it a pleasure to have served.

We desire to take this opportunity to express our appreciation to the Town Hall, the High School Building, and the Revaluation Committees for their public service, also to thank all the Town Officers for their co-operation during the year.

ELMER M. ROBERTS,
GEORGE J. WENTWORTH,
HOWARD T. BURKE,

Selectmen of Kennebunk.

Board of Engineers 1922-23

There have been twenty alarms this year, five box and fifteen still. We have made improvements this year, in the department, some of which are the changing over of the fire whistle, installing new batteries for the fire whistle, moving the Landing Hose house and making repairs on same, and several other small improve-

There are some more repairs to be made next year, if the town sees fit to raise the money. We bought 500 feet of hose for the village.

The fire house here in the village is very much in need of paint on the outside; there should be some more hose bought; the furnace has got to be fixed, and several other repairs made on the outside of the building.

These things have been neglected so long that the time has come when something must be done; your fire department should not be neglected, and it is up to the voters of the town to see that it is not.

H. C. WAKEFIELD,

Treasurer.

Auditor's Report

As a Town on February 1st, we owe

High and Grammar School Bonds	\$ 60,000.00
Town Hall Bonds	47,000.00
Temp. Demand Notes, Bridge, due 1923	3,300.00
Temp. Demand Notes, road, school, piano, hall—1923	4,318.00
(Raised at Special Meetings)	
Electric Light Dept. Bonds	8,000.00
Electric Light Dept., Bills payable	1,009.57

\$ 123,627.57

Total Town Debt is \$122,618.00

To offset these, we have

Uncollected Taxes, 1921	\$ 114.93
Uncollected Taxes, 1922	2,320.96
Due from State, road money	70.61
Due from State, Poor money	493.35
Due from State, Soldiers pension	117.00
Due from rent of town farm	28.00
Cash in Ocean Nat. Bank	3,087.77
Cash on hand	593.06
Accounts Receivable, Elec. Light Dept.	7,089.51
Cash, Electric Light Dept.	626.79

\$ 15,191.20

\$ 108,436.37

The Selectmen's books have been admirably kept and balanced monthly. Economy can be practiced in more departments of the town, but the unusual weather conditions warrant consideration for some of the overdrafts. The Electric Light Department continues to reduce its indebtedness and its report speaks for itself.

J. T. COLE, Auditor.

Milk Inspector's Report

To the Board of Selectmen:

As Milk Inspector for the Town of Kennebunk, I respectfully submit this report.

No. Cows Tuberculin Tested	250
Number of Reactors	25
Milk Samples Taken	10

90 per cent of the dairy products coming into town are from Tuberculin tested stock. The sanitary conditions are good. The samples of milk taken test well in butter fat. Following are the conditions on which milk licenses are granted.

COWS

No milk or cream shall be sold from a known reactor to the tuberculin test, or that show disease of any kind.

The udder and flanks of all milch cows shall be kept clean.

STABLES

Barns shall be light, well ventilated and clean. Floors, walls and ceilings shall be tight and free from dirt.

Manure shall be removed from the barn and disposed of in such a way as not to be a source of danger to the milk, either as a breeding place for flies or otherwise.

MILK ROOM

A milk room shall be provided that is kept clean, tight and well screened; no other materials shall be kept therein nor shall it be used for any other purpose than the handling of milk.

The milk room shall be free from contaminating surroundings.

UTENSILS

Bottles, cans and all milking utensils shall be sterilized each time before using, with boiling water or steam.

Flanks and udders shall be cleaned directly before milking.

HANDLING MILK

All persons handling milk shall have their hands and clothes clean at time of milking.

No milk sold shall be handled by persons having a communicable disease such as typhoid fever, scarlet fever or diphtheria.

No milk shall be strained in the tie-up; it shall be cooled immediately after being milked and stored at a temperature not over 55 degrees.

No bloody, stringy or unnatural milk shall be sold.

To be in line with other progressive communities in our state, and also to guard the health of our people, I would recommend that an ordinance be adopted requiring all persons selling milk, cream or butter, within the Town limits, to have their herds tuberculin tested.

LEON W. HUTCHINS,
Milk Inspector.

**Amount of Insurance Carried by C. H. Cole & Son on the
Town Buildings — As Follows:**

Town Hall Building	\$ 50,000.00
High School Building	50,000.00
Grove Street School Building	5,000.00
Swan Street School Building	5,900.00
West Kennebunk School Building	7,000.00
Upper Alewife School Building	800.00
Lower Alewife School Building	700.00
Landing School Building	600.00
Lower Village School Building	7,000.00
The Pines School Building	2,500.00
Town Electric Light Plant	30,000.00
Alms House	800.00

FIRE BUILDINGS AND APPARATUS

Fire Alarm System	400.00
Hose House and contents, Brown & Main Sts.	300.00
Kennebunk Village Engine House and contents	3,600.00
West Kennebunk Engine House and contents	1,500.00
Lower Village Engine House and contents	900.00
Kennebunk Landing Hose House and contents	400.00
Kennebunk Beach Hose House and contents	400.00

The boilers of the Kennebunk Electric Light Plant are insured against explosion, with three examinations of the boilers furnished free by the companies' expert. This is insured for a term of years. Also the Town is covered against liability and compensation under the Electric Light Department.

	<hr/>	
Present Surplus		\$ 88,844.60

To the Inhabitants of the Town of Kennebunk:

The year just closed has been a banner year for the Electric Light Department. We have increased our profits, our output and our efficiency.

While we have endeavored to show a larger per cent of return on the capital invested, we have also tried to put more back into our Lighting System than has been taken out by wear and depreciation.

We have felt that the best service, in the long run, can only come by maintaining our system in the highest state of efficiency.

The last calendar year we have cleared above all expenses \$6,994.25, which is a gain of \$1,990.61 over the previous year. Since Jan. 1, 1923, we have paid \$2,000.00 on our indebtedness, making it now stand at \$8,000.00.

Our line loss also shows improvement having been reduced from 32 per cent to 26 per cent. Three years ago this loss was 40 per cent. While we shall strive to lower this record, and think we can, there is a measure of satisfaction in knowing that the average line loss for the one hundred or more utilities in the State of Maine is but one per cent lower than our own.

The number of new installations for the year 1922 is 75 against 52 for the year 1921.

Two very important improvements have been made at the plant. First, I wish to mention the new wheel pit. The old pit and penstock, built many years ago, long before the Shoe Shop fire, were in a leaky condition and the timbers unsound because of age. This caused not only a loss of water but occasionally during a high run of water we would lose the use of our wheel. Repairs could not

be made until the water subsided and at two different times we were out of water power for a month.

Consequently we built a new wheel pit, put in a concrete penstock and reinforced the entire length of the bulkhead with a three foot wall of solid concrete, making it perfectly tight and substantial. This bulkhead was necessary in order to effectually stop the old outlet which led to the old grist mill below the bridge. These jobs cost more than one might wish yet in the end this outlay will prove to be a good investment for the capacity of our wheel was increased 30 per cent. The lumber for this work cost around \$800, labor, concrete and iron work \$1,000. As the bill for this work did not come in until after the closing of our books Dec. 31, account of this work does not appear in our balance sheet.

It is our intention to charge this item into a deferred maintenance or sinking fund account and then transfer same into maintenance account in four equal annual installments. We will thus assume this loss and it will not be felt for it will be offset by what we gain by the efficiency of our wheel.

We will next mention our lease with the Rogers Fibre Company.

Our lease with the Goodall Worsted Co. places our wheel at their disposal, whole or in part, according to their requirements. While we are enjoying a good run of water, our water wheel can produce more than their requirement, and yet we could not utilize this surplus because of the fact that the smallest circuit line we have is an overload for the wheel while carrying the Goodall mill. Thus we had to buy all our day load when the mill was running.

Our lease with the Rogers Fibre Co. corrected this. We now can link their wheel in with our wheel and our switchboard arrangement is such that it causes our wheel to take what it can carry and then their wheel comes in and takes the balance of the load. This arrangement is doing for us all we anticipated and is making good for the town.

We also have the service of the York Light and Heat Co. which we use when the water is low in this river.

The Light Department has made two extensions of its commercial service. One covers the upper Cat Mousam district and the other runs to the residence of Frank Walker in Alewife district.

The first mentioned extension begins at a point opposite the farm known as the John Waterhouse farm and thence to the residence of Charles Lemoine. Here it leaves the highway and follows an old right of way to the river and joins the feed line at the R. W. Lord Co. twine mill.

The takers along this line paid the cost of the line from the highway to the river.

The second extension begins at the junction of the road near the

residence of H. T. Burke and from there runs to the residence of Frank Walker over the pole line of the New Eng. Tel. & Tel. Co., they having but a two wire service to support.

Frank Walker paid to the Light Department the cost of the wire which was \$172.00.

The Street Lights at Kennebunk Beach, authorized at the last annual town meeting, have been installed.

Respectfully submitted,
O. E. CURTIS, Treasurer,
Kennebunk Electric Light Commission.

REPORT

OF THE

Superintendent of Schools

TO THE SUPERINTENDING SCHOOL COMMITTEE
AND CITIZENS OF KENNEBUNK:

I herewith submit for your consideration my fourth annual report.

PROGRESS

Our general plan of work remained unchanged during the past year and was consistently carried out.

In harmony with the State program of making the rural school as good as the village school, the policy of having the same standards of training and experience for the rural teachers as for the village teachers, was adopted. This is a definite step forward, a step which has improved greatly the quality of work being done in the rural schools.

This year is the first in which the schools have had the use of the new building. It would be difficult, indeed, to enumerate all the advantages of the new building, but we wish to call your attention to a few. The pupils are now under the constant supervision of the teachers both at work and at play; there is ample opportunity for physical education and for the right kind of recess on rainy days. The pupils of each room have their own cloak rooms, preventing much confusion in the finding of wraps, and also preventing all loitering in the hallways. The greater co-ordination between the grades and the greater interest and pleasure taken by the pupils in their work is also worthy of note.

The evening session held in the Fall term gave the people an opportunity to see the actual work of the school. At least 150 and perhaps 200 people visited the rooms during this session.

This session was a part of the program of Education Week,

and was observed notably also by the Upper Alewife school which held an evening session in the Grange hall.

Among other items of educational progress are the following:

The successful development of the form of recitation known as the socialized recitation, in which the pupils are led to talk over the points of the lesson socially and politely, instead of merely sitting in their seats awaiting a chance to rise and answer the teachers question. This method is best adapted for use in rooms having one or two grades only, but has been used successfully in rooms containing more. The results in nearly all schools are beyond our expectations.

The use of the milk lunch for children of the first four grades at the Grove Street and Swan Street schools, was begun during the winter term. This innovation which is no different from that in many other schools of the State, has proved to be a very important part of the program. The milk which is paid for outside of school funds, is of great benefit to nearly every child.

In the principal's report, there is an interesting table showing the comparison between the average ranks of the different high school classes now and four years ago. It shows that:

Senior class now has 4.1 per cent higher rank than 4 years ago.

Junior class now has 1.3 per cent higher rank than 4 years ago.

Sophomore class now has 4.3 p. c. higher rank than 4 yrs. ago.

Freshman class now has 7.8 p. c. higher rank than 4 yrs. ago.

This improvement in scholarship even after discounting the personal differences among teachers and pupils, still tends to show that pupils graduating from our grammar schools during the last three years, have been increasingly better prepared for high school than before. No better indication of educational progress can be had than this.

Among items of material progress accomplished during the year we may mention the following:

Toilets and ceilings at the Grove Street school.

Moving chemical toilets to West Kennebunk.

Painting interiors at Grove Street, West Kennebunk, Lower Village and Pines schools.

New seats at West Kennebunk Grammar, Upper Alewife, Landing. Pines and Lower Village schools. The best of the old seats from the old building were used as far as they would go.

New curtains and minor repairs at the Pines school.

Repairing Landing school, including shingling and removing cupola, also painting inside and out, new windows, setting glass, repair of toilets, new stove, new seats, new fence, repairing flag-pole and doing everything necessary to put the building into suitable condition for a school.

TEACHERS

This year, the opening of the Landing school increased the number of teaching positions to 24 including Music and Domestic Science. Eleven teachers accepted re-election and one was transferred. Twelve teachers, then, or just one half of our teaching corps., are new this year. It is hoped that next year we will be able to retain a larger proportion of our teachers. From causes not detrimental to the teacher, three changes have been made during the year.

In many instances, the new teachers are doing unusually fine work, work that compares very favorably with that of the teachers who have performed splendid service in our schools for many years. All are to be commended for their efforts and we believe that the results of their efforts speak for their praise better than I can.

Many teachers are doing as good work in their different lines as the teachers who demonstrated their work so creditably at the county convention.

We believe that the time is at hand when the Superintending School Committee may very properly say that no teacher without some training beyond that of the secondary school can be elected to teach in the schools of Kennebunk, and may require teachers to attend some summer school at least once in three years.

TEACHERS' SALARIES

In order to retain our best teachers who had received definite and flattering offers to go elsewhere, and to bring up the standards of the rural teachers, it was necessary to make small increases of salary in several cases.

Highest salary now paid in grades—\$1,200.00.

Average salary now paid in grades—\$912.50.

Lowest salary now paid in grades—\$800.00.

It was found impossible to obtain a satisfactory man for high school principal at \$2,000. Much time was lost trying to obtain candidates at this salary, and we lost more than one good man who would have accepted at a slightly higher figure because other superintendents were at liberty to offer the salary he could command.

Salary of high school principal now is—\$2,300.00.

Average salary of assistants now is—\$1,300.00.

SWAN STREET SCHOOL

The Western or Swan Street School Building has been in a poor

condition for several years. During the past three years, every building in town excepting the Western and Lower Alewife buildings has received considerable attention in the way of repairs. It seems as a matter of justice that it is now the turn of the Western school to be attended to.

The repairs needed are chiefly new windows, new toilet rooms and fixtures, new steps, a drain for the basement which also should be enlarged to make storage room for wood, and new floor timbers as the floor now contains little hills nearly a foot high in some places. The change in toilet facilities is necessary in order to meet the requirements of the new sanitation law. This may involve a re-arrangement of the rooms on the lower floor.

LOWER VILLAGE

The furnace at the Lower Village school building has been patched up with the hope that it can be made to last for another year. Shingling this building this summer will prevent expensive results.

WEST KENNEBUNK

This year we moved the chemical toilets from the temporary quarters in the Y. W. C. A. room to West Kennebunk. This was much cheaper than installing new toilets and met the State requirements fully. The repairs needed this year are curtains and shingling.

GRADING AT LOWER ALEWIVE

The grounds around the Lower Alewife school are very low and really form part of a swamp. They are much lower than the road and receive more or less drainage from it. In fact they not only present a discreditable appearance but possibly contain a menace to health. The grading of these grounds, for which many neighbors have offered to give some of their time, is a project that we most urgently recommend.

DOMESTIC SCIENCE

It seems to those who are fully acquainted with this course that the town by expending \$300 on this course will receive good value for its money. The reason is that the State pays a large proportion of the expense. The continuation of the course is a matter for the people to decide for themselves.

It is astonishing how few school girls know how to cook or sew. It is easy to say we should think their mothers would teach them at home, but the fact is, they don't. Yet a fundamental knowledge of how to run a home is more essential to a normal woman's happiness than all the learning in all the books of the world.

The brief report of the teacher is worthy of very careful consideration. For these reasons we recommend its continuance.

SCHOOL EXPENDITURES

The man who plants a field of potatoes buys a cultivator. It costs money but he figures out that it pays.

The man who sells cream buys a separator. It costs money but he figures out that it pays.

The man who runs a meat market buys a refrigerating plant. It costs money but he figures out that it pays.

In school business at the present time, it is just as necessary to buy modern appliances and materials as it is in any other business. Such things cost money, but we believe that they pay.

The only difference is this: Potatoes, cream and meat can be sold on credit or for cash. Boys and girls can't. It is easy to see the increase in the value of the products of a farm or mill. It is more difficult to see the increase in the value of our boys and girls. We believe it is there just the same and that they deserve to have all that the town can afford to buy, and Kennebunk is a rich town with a large proportion of its tax paid by non-residents.

The total expenditures for maintaining schools and school buildings last year was \$38,818.84. At first thought, this may seem like a large amount but when we recall that there are about 1100 tax payers in town and 365 days in a year, we find that it costs each tax payer a little less than ten cents a day to pay all the cost of the schools. On the basis of property tax, it is 12 4-5 cents on a dollar. That means, if you have property assessed at \$1,000, you are paying \$12.80 a year for the education of the boys and girls of Kennebunk.

FINANCES

This year is the first under the new school fund law. The old law provided for three general funds, two of which were applied to the common school account only and one to the high school account only. The new law provides as follows:

Sec. 11—"Amounts received by the towns from the State school fund may be expended by said towns, in conjunction with such

funds as the towns shall raise and appropriate, for the following purposes in both elementary and secondary schools: the payment of teachers' wages and board, fuel, janitors' services, conveyance, tuition and board of pupils, text-books, reference books, and school supplies for desk or laboratory use. The unexpended balance of all moneys raised by towns or received from the State for the above purposes shall be credited to the school resources for the year following that in which said unexpended balance accrued."

This makes a radical change in the method of handling the State funds. This year one fund was received amounting to \$5,840.08. We were at liberty to place the fund where it would do the most good. We applied to the Common School Account \$4,804.10, or enough to balance the account. We applied to the High School Account \$803.02, or enough to balance that account. This left \$232.96 which was applied to the Supplies Account. The net surplus at the end of the year including funds raised at the special town meeting is \$471.12.

SCHOOL BUDGET FOR 1923

Two years ago the Budget Committee recommended the same amounts to be raised on the school accounts as the School Committee had figured out to be necessary. The result was that we came to the end of the year with a surplus on every account.

Last year, the Budget Committee, acting for what they believed was for the best interests of the town, did not recommend as large an appropriation on several accounts as the School Committee considered necessary.

At Town meeting, many people thought that in voting for all that the Budget Committee recommended, they were voting for all that the School Committee had asked for. This was not the case. The School Committee blame themselves for not stating this fact to the people. The result was a deficit on several accounts.

At the time this is written, it is not known what recommendations the Budget Committee will make, but it is known that they will act according to what seems to be the best for the town from their point of view.

The law places the care of the school finances particularly under the control of the School Committee, and it seems no more than just and fair for the School Committee to have an opportunity to place their own figures before the public.

Then if there is a difference between the estimates of the two committees, the people may decide which sums of money they shall choose to raise, with a clear understanding of the situation.

The estimates submitted herewith have been very carefully fig-

ured except in the case of the repairs on the Swan Street school. It is difficult to make an accurate estimate on these because it is not certain what repairs will meet the approval of the State Supt. The Committee believe that \$1,000.00 will cover these repairs. All other items have been figured as carefully and as closely as possible.

In order to avoid any misunderstanding this year, the School Committee respectfully submit their estimates for the ensuing year.

KENNEBUNK SCHOOL BUDGET—1923

As submitted to the Budget Committee by the School Committee:

COMMON SCHOOLS

Expenditures:

Teachers' Salaries	\$ 17,300.00
Janitors' Salaries	2,200.00
Fuel	2,000.00
Conveyance	1,300.00
	<hr/>
	\$ 22,800.00

Income:

Tuition	\$ 400.00
State of Maine	5,000.00
	<hr/>
	5,400.00

Appropriation needed	\$ 17,400.00
----------------------	--------------

HIGH SCHOOL

Expenditures:

Teachers' Salaries	\$ 6,500.00
Fuel	550.00
Janitors Salaries	450.00
Tuition	400.00
	<hr/>
	\$ 7,900.00

Income:

Tuition	\$ 200.00
State of Maine	800.00
	<hr/>
	\$1,000.00

Appropriation needed	\$ 6,900.00

Appropriation needed		\$ 1,250.00

REPAIRS AND INSURANCE

Insurance	\$ 500.00	
West Kennebunk, Clark bill	250.00	
Laboratory, Clark bill	250.00	
General plumbing and heating	350.00	
Incidentals	200.00	
General carpenter work	150.00	
West Kennebunk, shingling	300.00	
Lower Village, shingling	400.00	
	<hr/>	
Appropriation needed		\$ 2,400.00
Swan Street school to be repaired		\$ 1,000.00
Grading Lower Alewife School Grounds		150.00

SUPPLIES AND INCIDENTALS

Electricity	\$ 100.00	
Water	500.00	
Incidentals	100.00	
Printing	150.00	
Janitors' supplies	300.00	
Equipment, material, etc.	500.00	
Paper, crayon, etc.	750.00	
Laboratory	300.00	
	<hr/>	
		\$ 2,700.00

DOMESTIC SCIENCE

Expenditures:		
Teacher	\$ 750.00	
Equipment	250.00	
	<hr/>	
		\$ 1,000.00

Income:

State	\$ 400.00	
Surplus	300.00	
	<hr/>	\$ 700.00
Appropriation needed		<hr/> \$ 300.00

CONCLUSION

In conclusion, I wish again to thank the citizens of Kennebunk for their loyal support of the schools.

Respectfully submitted,

M. T. GOODRICH,
Superintendent of Schools.

Report of Domestic Science Teacher

Owing to the fact that we were not ready to fully open a Domestic Science Course, and have been confronted by numerous difficulties during the year, we have not accomplished as much as we wish we could, or as much as we can next year if the course is given.

In the seventh grade, we have made bags and pin-cushions, using all of the fundamental stitches—basting, hemming, over-casting, oversewing and back-stitching. Now we are making cooking uniforms and teaching the use of the machines.

In the eighth grade, we are now working on kimona night-

dressess, and in the ninth grade, we are finishing up princess slips, and commencing on the cooking uniforms.

Next year when we can have cookery-classes, we will alternate cooking and sewing, giving one-half year of each in each grade.

In high school classes, we have made undergarments, and cooking uniforms.

Next year, I would like to see a two-year course in the High school giving ninety minutes each day to domestic science. If this course should be introduced and the State course of study followed nine weeks each of Food Study, Clothing, Household Sanitation and Household Appliances would be given the first year. The second year Food Study, Clothing, Hygiene and Household Management would be given nine weeks each.

This course is a very practical one for girls, especially those who do not intend to go to college.

Present Enrollment and Schedule of Recitations

H. S. Upper Classmen—8—Friday P. M.—90 minutes.

H. S. Freshmen—2—Monday P. M.—90 minutes.

9th grade—13—Thursday P. M.—90 minutes.

8th grade—16—Wednesday P. M.—90 minutes.

7th grade—13—Tuesday P. M.—60 minutes.

6th grade—9—Tuesday P. M.—60 minutes.

Total Pupils enrolled—61.

MARION F. WHITNEY,

Teacher of Home Economics.

High School Principal's Report

To the Superintendent of Schools, School Committee and citizens of the Town of Kennebunk:

I herewith submit my report as Principal of the Kennebunk High School for the year 1922-1923.

The school year opened in the new High School Building on the 11th of September, 1922. The faculty present consisting of Miss Gladys L. Tilton, English; Miss Bessie M. Patten, Latin and French; Miss Marie A. Stoehr, History and Civics; C. W. Lombard, Principal, Mathematics and Science. The registration totalled 101, by classes, 33 Freshmen, 26 Sophomores, 25 Juniors, 15 Seniors, and 2 Post Graduates; by sex, 56 girls and 45 boys. The Course of Study and Program had been arranged previously so that the school got immediately under way, and the first day was not essentially different than the others except for the details of organization, which took very little time, and the distribution of supplies.

The following is the Course of Study:

FIRST YEAR—English, Civics, Latin, Algebra, Science.

SECOND YEAR—English, Latin, French, Geometry, History, Geography.

THIRD YEAR—English, Latin, French, History, Geography, Arithmetic, Physics.

FOURTH YEAR—English, Latin, French, Review Mathematics, History, Physics, Geography.

The original registration of students by subjects is as follows:

	English	Latin	French	Algebra	Geometry	Arithmetic	Rev. Math.	Civics	History	Science	Geography	Physics
Freshmen	33	22		33				33		15		
Sophomores	26	9	25		15				15		15	
Juniors	25	6	16			12			17		11	13
Seniors	15	2	12		1		10		9		8	9
Post. Grad.	2				1		1					2

Miss Corbett has the entire school in Chorus Singing once a week. There are two periods per week given to Physical Training and ten young ladies are enrolled in the Domestic Science Classes.

During the half year three boys and five girls have dropped out of school. Two moved out of town, one went away to school, three went to work, and the remaining two left for reasons unknown. By these withdrawals we have lost a Junior, three Sophomores, and four Freshmen.

Sickness, stormy weather, and uncertain travelling conditions have been serious menaces to a high average attendance during the first half of the winter, especially so since many of our boys and girls are obliged to depend upon public conveyors to bring them here. For the fall term all classes maintained averages of over ninety per cent in attendance. The Junior class was high with a mark of ninety-six and thirty-eight hundredths, while the average of the whole school was ninety-three and seven tenths. Forty-three students had perfect attendance. There is more tardiness than there is any real cause for and this is one of the present administrative problems.

The scholarship in this High School is good. For the half year just passed eighteen students, each taking four or more subjects, have a standing of above eighty-five in *each* course. This grade

would place them on the honor list in all subjects in any institution of which I have knowledge. The sad part of the situation is that many more could attain this standard if they chose. Fully fifty pupils of the school ought to improve, a few of them quite materially. The Kennebunk High School is fortunate in the class of her students. Racial differences, social inequalities, and bilingual homes do not exist as handicaps of educational progress. The State and the Nation have a right to expect more from schools of our type than from those in which these obstructions hinder advancement. Americanization is not a problem with us, and the training of citizens, honorable and just, should not be difficult. This school might well choose as its slogan "As good a school for the building as the building is for the school." Certainly we have as fine an educational plant as any that can be found. Comparison of scholarship averages of the classes now in school, with those of the four classes most recently graduated is interesting.

Four years ago:				Now:			
Seniors, class of	1919	77.5	p. c.	class of	1923	81.6	p. c.
Juniors,	1920	77.4			1924	78.7	
Sophomores,	1921	74.1			1925	78.4	
Freshmen,	1922	72.8			1926	80.6	

In so far as they are reliable these figures show a general improvement which, though not great in some cases, is encouraging.

Besides the regular scholastic program we had a successful football team; are represented in the newly organized York County Basket Ball League by a good team; and there are good prospects for Track and Base Ball. Tennis will be encouraged, and it may be that a dual match will be arranged with one of the near by High Schools. The girls are organized into an Inter-class League and at the end of the winter will play a tournament. They will also give a Gymnastic Exhibition, consisting of Marching, Drills, Dancing, in addition to Basket Ball. Public Speaking has been required of all members of the three lower classes and a list of sixteen has been chosen to compete in Prize Speaking on February 21. The Seniors are working hard on their class play, "Cousin Josiah," in which they will appear during the winter term. The fact that Miss Tilton has the play in charge insures its success. Twenty of the boys appeared in a set of free-arm exercises and group games before the Section of Physical Education at the York-Cumberland County Convention held in the Portland High School on the second of February. Much favor-

able comment has been received concerning the fine appearance and excellence of their performance.

Of the three graduates of last year who are now Freshmen in Maine colleges, reports indicate that they are doing well and that one has attained honors in Chemistry. There is no reason why a student, who chooses to do so, cannot fit for college right here in his home town. A plan is now in process of development to gain for the Kennebunk High School some prestige among the New England colleges, and possibly a permanent place on the list of approved fitting schools.

Early in the year this section was visited by Mr. R. F. Thomas of the Agricultural Department of the State Superintendent's office and for a time we hoped to establish a unit course in agriculture. Other towns near here did not favor the project and Mr. Thomas finally took his work into another field. This and a commercial course are among our present needs. A few pieces of apparatus for the gymnasium would find immediate and constant use. A new organization of the student activities might also be considered an improvement. A radio club has been discussed but lack of suitable permanent space has deferred its formation.

The evening session of the High School which was held on the fifth of December was a distinct success. Nearly two hundred visited the class rooms. But a far greater number of visitors to the regular daily sessions would not be unwelcome. A few visitors from among the home folk are very stimulating to the youth and would undoubtedly improve the work quite materially.

I wish to take this opportunity to thank the faculty, committee and particularly the Superintendent, for the active interest and helpful cooperation that have made my work thus far so pleasant and my residence in Kennebunk so agreeable.

C. W. LOMBARD,
Principal K. H. S.

- 18 To Mr. and Mrs. William B. Parker, a daughter, Alice.
- 20 To Mr. and Mrs. Clifford H. Fowler, a son, Richard Bernard.
- 25 To Mr. and Mrs. Harry Durham, a daughter, Pauline.

NOVEMBER

- 3 To Mr. and Mrs. Horace M. Robbins, a son, Jasper George.
- 7 To Mr. and Mrs. George E. Clark, a son, Dorrance Emmons.
- 10 To Mr. and Mrs. Joseph D'Ascanio, a daughter, Josephine Elizabeth.
- 12 To Mr. and Mrs. Roscoe W. Clark, a son, Rawlston Erwin.
- 15 To Mr. and Mrs. Maurice E. Towne, a daughter, Evelyn Myra.
- 19 To Mr. and Mrs. Frank A. Moulton, a son, Frank Raymond.
- 24 (In Portland) To Mr. and Mrs. Donald M. Small, a daughter, Patricia.
- 25 To Mr. and Mrs. Haven H. Baker, a son, Arthur.

DECEMBER

- 2 To Mr. and Mrs. Stephen E. Harriman, a son, Stephen.
- 4 To Mr. and Mrs. Lester O. Pike, a son, Homer Arnold.
- 14 To Mr. and Mrs. Edwin J. Wakefield, a son, Ernest Howard.
- 28 To Mr. and Mrs. William G. Wormwood, a son, Paul.

MARRIAGES

JANUARY

- 2 By Harold H. Bourne, J. P., Malcolm Ernest Boynton of Framingham, Mass., and Bertha Anna Foss of Dover, N. H.
- 26 By Rev. Burton H. Tilton, Alexander Aitken Neithercut of Saco, and Mary Elizabeth Ingham of Kennebunk.

FEBRUARY

- 3 By Rev. Burton H. Tilton, Kenneth Elmer Kierstead and Mabel Lauriston Hicks, both of Kennebunk.

MARCH

- 4 By Rev. Burton H. Tilton, John A. Hayes and Muriel Whitten, both of Kennebunk.
- 15 (In North Kennebunkport) By Rev. Henry R. McCartney, Charles Henry Farr of North Kennebunkport and Susie Louise Drown of Kennebunk.
- 26 (In North Berwick) By Rev. George K. Carter of North Berwick, Charles Henry Silver and Ruby Dorothea Kimball, both of Kennebunk.
- 30 By Rev. Will S. Coleman, Donald Franklin Grant and Pearl Adelaide Fleming, both of Kennebunk.

APRIL

- 12 By Rev. Burton H. Tilton, Harry Tomlinson and Alma Pearl Foster, both of Kennebunk.

MAY

- 22 By Rev. Walter N. Paull, George L. Brooks and Carrie N. Paull, both of Kennebunk.
- 27 By Rev. Burton H. Tilton, Leo Harold Clark and Althea L. Waterhouse, both of North Kennebunkport.
- 22 (In Wells) By Rev. Andrew Gibson, John Walker Morrison of Kennebunk and Gladys Mayo Gould of Ogunquit.
- 27 (In Biddeford) By Rev. Charles H. Jones, Joseph Burnside Burke of Kennebunk and Frances Bradbury of Biddeford.

JUNE

- 7 By Rev. Burton H. Tilton, Robert F. Blake of Dover, N. H., and Gladys May Porter of Somersworth, N. H.
- 12 By Rev. William Wood, John Frank Wakefield and Lulu B. Taylor, both of Lyman.
- 14 By Rev. Burton H. Tilton, Charles Joseph Thibeau and Bernice Louise Brand, both of Kennebunk.
- 17 By Rev. Will S. Coleman, Frank Tyler Ingalls of Newton, Mass., and Marianna Clark Knight of Wellesley, Mass.
- 17 By Rev. William Wood, Roy Wesley Ferris and Edith Alice Hemingway, both of Sanford.

- 21 By Rev. Will S. Coleman, Wilfred Donnell Bayley of Wells, and Moyle Canaday Pratt of Long Island, N. Y.

JULY

- 1 By Rev. Robert P. Doremus, James Swett Snow of Somerville, Mass., and Mary Eva Straw of Kennebunk.
 5 By Rev. Merle S. Conant, Noah Robinson and Nellie M. Day, both of Kennebunk.
 24 (At Old Orchard) By Rev. James J. Miller, John Victor Williams of Kennebunk, and Blanche Annie Paradis of Old Orchard.

AUGUST

- 5 By Rev. Wm. Wood, Hobart J. Kilgore and Gladys M. Stone, both of Poland.
 5 By Rev. Merle S. Conant, Ralph F. Eaton of Wells, and Helen Denby of Sanford.
 1 (At Wells) By Rev. Andrew Gibson, James H. Campbell of Kennebunk, and Lillian F. Goodwin of Swampscott, Mass.
 18 By Rev. Robert P. Doremus, Richard Llewellyn Mitchell and Grace Enola Burgess, both of Kennebunk.
 19 By Rev. Will S. Coleman, Harold P. Jellison and Hazel C. Hamilton, both of Kennebunk.
 19 By Rev. William Wood, Merle R. Johnston and Ethel Avonell Eastman, both of Berwick.
 19 By Rev. M. J. Kenely, Charles Julian Romieux of Philadelphia, Pa., and Edith Marie Jeanne La Gogne of Kennebunk.
 26 By Rev. Merle S. Conant, William Stephen Marsh, Jr. and Louise Celina Kimball, both of Kennebunk.
 27 (At Lyman) By Rev. Will S. Coleman, Ralph Oliver Evans and Georgia Winifred Smith, both of Kennebunk.
 30 By Rev. William Wood, Earl Hammond Curtis and Merle Frances Langley, both of Kennebunk.

SEPTEMBER

- 2 (At North Kennebunkport) By Rev. Will S. Coleman, Roland Philip Hill of Kennebunk and Annie May O'Brien of North Kennebunkport.
 2 (At South Weymouth, Mass.) By Rev. Barton Watson, Harold E. Fletcher and Pearl Catherine Decker.
 9 By Rev. Will S. Coleman, Pearl Allston Hamilton and Veronica Mary Calvert, both of Kennebunk.
 16 By Rev. H. V. Coolbroth, Jeremiah Moulton and Hannah Melissa Robbins, both of York.
 30 By Rev. E. A. Goodwin, Harold Maurice Gregg of Haddonfield, N. J., and Dorothy Reed of Kennebunk.

OCTOBER

- 3 (At Kennebunkport) By Rev. Herbert Tilden, Edgar Wilbur Cluff of Kennebunkport and Elsie Hilton of Kennebunk.
- 16 By Rev. M. J. Kenely, Alfred Desjardines of Somersworth, N. H., and Florida May Sevigney of Wells Beach.
- 21 By Rev. Burton H. Tilton, Ralph Jellison and Bertha Twambly, both of Sanford.
- 25 By H. H. Bourne, J. P., Asbury S. Hanscom and Cornelia Fiske, both of Kennebunk.

NOVEMBER

- 14 (At Kennebunkport) By Rev. M. J. Kenely, William Henry Hayes of New York City and Miriam Lucinda Burke of Kennebunk.

DECEMBER

- 2 By Rev. Burton H. Tilton, Ernest Wesley Brown and Sylvia Ann Robinson, both of Kennebunk.
- 12 By Rev. Burton H. Tilton, Herbert Atherton of South Berwick and Iva Kimball Shuffleburg of Kennebunk.
- 13 (At Belfast) By Rev. George C. Sauer, Charles Nicholas Smith of Kennebunk, and Harriet Jane Clark of Belfast.
- 23 By Rev. William Wood, Ernest Winford Day of Kennebunk, and Irene McLaughlin of Kennebunkport.
- 23 By Rev. Will S. Coleman, Willis A. Littlefield and Laura Villaire, both of Sanford.
- 30 By Rev. William Wood, George William Cutten and Alice Maud Green, both of Kennebunk.

DEATHS

(Unless otherwise noted, deaths occurred in Kennebunk.)

JANUARY

- 22 George W. Rich, 78 years, 10 months, 10 days.

FEBRUARY

- 2 Mary E. Burnham, 76 years, 1 month, 8 days.
- 3 Emeline L. Jordan, 80 years, 7 months, 6 days.
- 3 (In Cambridge, Mass.) Frederick Noble, 63 years, 9 months, 16 days.
- 19 Arioch W. Penney, 91 years, 1 month, 25 days.
- 16 (In Saco) Ida L. Routh, 31 years, 1 month, 10 days.
- 20 (In Salem, Mass.,) Emma S. Christensen, 58 years, 2 months, 24 days.
- 22 Henry T. Pratt, 54 years, 6 months, 13 days.
- 23 Rosa M. Noble, 44 years, 4 months, 11 days.

MARCH

- 6 Chester T. Hamilton, 27 years, 3 months, 6 days.
- 6 (In Portland) Irving J. Coolbrith, 36 years, 7 months, 1 day.

WARRANT.

TO CHARLES H. ELDRIDGE, *a Constable of the Town of Kennebunk,
in the County of York, State of Maine,*

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Kennebunk, qualified to vote in town affairs, to assemble in the Town Hall of said Town, on Monday, the fifth day of March, A. D. 1923, at nine o'clock in the forenoon, then and there to act on the following articles, viz:

First—To choose a moderator to preside at said meeting.

Second—To choose a Clerk for the year ensuing.

Third—To choose Selectmen, Assessors and Overseers of the Poor, Town Treasurer, one Superintending School Committee for three years, a Collector of Taxes, ten Constables, Chief Engineer of the Fire Department, six Assistant Engineers of the Fire Department, Auditor of Accounts, one Electric Light Commissioner for six years, one Park Commissioner for three years, and all other necessary Town Officers for the year ensuing.

Fourth—To see if the Town will vote to have one or more than one Road Commissioner, and to choose said Commissioners.

Fifth—To see what sum of money the Town will vote to raise for the construction and repair of roads and bridges and sidewalks in said Town, and how such sum shall be raised.

Sixth—To see what sum of money the Town will vote to raise for the repair and improvement of the newly accepted streets at Kennebunk Beach, and how such sum shall be raised.

Seventh—To see what sum of money the Town will vote to raise to paint and repair the iron and steel bridges in said Town, and how such sum shall be raised and by whom expended.

Eighth—To see if the Town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle:

the Town to State aid, as provided in section 19 of Chapter 25 of the Revised Statutes of 1916.

Ninth—To see if the Town will vote to raise the sum of \$1,260.00 for the construction of State Highway, and how such sum shall be raised.

Tenth—To see what sum of money the Town will vote to raise for the support of the Poor for the ensuing year, and how such sum shall be raised.

Eleventh—To see what sum of money the Town will vote to raise for the support of Common Schools for the ensuing year, and how the same shall be raised.

Twelfth—To see what sum of money the Town will vote to raise to be expended for free Text Books, and how the same shall be raised.

Thirteenth—To see if the Town will vote to maintain a Free High School for the ensuing year.

Fourteenth—To see what sum of money the Town will vote to raise for the maintenance of a Free High School, and how the same shall be raised.

Fifteenth—To determine the number and location of schools to be taught the ensuing year.

Sixteenth—To see what sum of money the Town will vote to raise to defray the expense of transportation of scholars residing outside the Village to and from the Free High School, and how the same shall be raised.

Seventeenth—To see what sum of money the Town will vote to raise for the continuance of the course in Domestic Science, and how the same shall be raised.

Eighteenth—To see what sum of money the Town will vote to raise for Supplies of Schools, and how the same shall be raised.

Nineteenth—To see what sum of money the Town will vote to raise for the Insurance and Repairs of Schools, and how the same shall be raised.

Twentieth—To see what sum of money the Town will vote to raise for the care of the Playground at Kennebunk Village, and how the same shall be raised. The sum, if raised, to be expended by the Superintending School Committee.

Twenty-first—To see what sum of money the Town will vote to raise for Salaries and Commissions of its Officers, and how the same shall be raised, and to fix such salaries and commissions.

Twenty-second—To see what sum of money the Town will vote to raise for Insurance and Repairs of Town Buildings, other than school buildings, and all other miscellaneous expenses, and how the same shall be raised.

Twenty-third—To see what sum of money the Town will vote to raise toward paying its indebtedness and interest due, also to see if the Town will authorize its Treasurer to negotiate a temporary loan for the Town in anticipation of its taxes, and also to see if the Town will vote to issue bonds to raise money to refund any part of its indebtedness.

Twenty-fourth—To see if the Town will vote to raise a sum of money, said sum to be set aside as a sinking-fund, the same to be used for the retirement of its High School Bonds, and until such time as said bonds shall mature, said sum of money to be invested in Maine Savings Banks or in the Municipal Bonds of said town, or in such manner as the Town shall direct, said fund to be used for no other purpose than the retirement of said High School Bonds, and how said sum shall be raised.

Twenty-fifth—To determine when the Town, County and State Taxes which shall be committed to the Collector of Taxes for the year A. D. 1923 shall be due and payable, and to see if the Town will vote that interest shall be collected thereon by the Collector of Taxes unpaid after the time fixed by the Town when they shall become payable; also to see if the Town will vote to allow a discount of not exceeding five per cent on all taxes of the year A. D. 1923, on or before September 1st, A. D. 1923, or such date as shall be fixed by the Town; to see what sum of money the Town will raise to meet such discounts and how the same shall be raised.

Twenty-sixth—To see what sum of money the Town will vote to

raise for the maintenance of its Fire Department, and for repairs and supplies for the same, and how the same shall be raised.

Twenty-seventh—To see what sum of money the Town will vote to raise for the abatement of taxes for the ensuing year, and how the same shall be raised.

Twenty-eighth—To see if the Town will vote to raise the sum of \$2,000.00, said sum to be expended on the road leading towards West Kennebunk, beginning at the junction of Fletcher and Storer Streets and thence running towards West Kennebunk, and how the same shall be raised.

Twenty-ninth—To see what sum of money the Town will vote to raise to be expended by Webster Post, No. 9, G. A. R., for the proper observance of Memorial Day, and how the same shall be raised.

Thirtieth—To see what sum of money the Town will vote to raise for the Kennebunk Free Library, and how the same shall be raised.

Thirty-first—To see what sum of money the Town will vote to raise for the payment of Hydrant Rental, and how the same shall be raised.

Thirty-second—To see what sum of money the Town will vote to raise for the maintenance of state highways during the ensuing year, within the limits of said Town, and how the same shall be raised.

Thirty-third—To see if the Town will vote to raise a sum of money for the maintenance of its Street Lights, and how the same shall be raised.

Thirty-fourth—To see what sum of money the town will vote to raise for the upkeep of the Lower Village Playground, and how the same shall be raised and expended.

Thirty-fifth—To see if the Town will vote to employ a traffic Officer in Post Office Square during any portion of the summer season, and how much money the Town will vote to raise for the same and how the same shall be raised.

Thirty-sixth—To see what sum of money the Town will vote to raise for the upkeep of its parks and plots, said sum to be expended under the direction of its Park Commissioners, and how the same shall be raised.

Thirty-seventh—To see if the Town will vote to appoint a committee of seven to act as a Budget Committee to prepare a Budget for the year 1923 A. D., and if so, what shall be the duties of said committee, and what instruction the Town will vote to give the said committee.

Thirty-eighth—To see what sum of money the Town will vote to raise for the care and insurance of the new Town Hall, and how the same shall be raised.

Thirty-ninth—To see if the Town will vote to adopt the following by-laws:

Sec. 1. No person shall in any part of a public street, road, square, avenue, lane or way, within the Town of Kennebunk, Maine, carry on any trade or business unless the same is especially allowed by law or some ordinance of said Town, without a written permit so to do from the Municipal Officers of said Town. If the Municipal Officers for the time being, think it expedient, they may grant a written permit to any person, persons or corporation to carry on a certain trade or business, personally or by his or its employees, in any of said public places, for a period of time not extending beyond their term of office provided the same is not otherwise prohibited by law, and for said permit said officers may require the applicant to pay to the Town Treasurer such fee as they deem just, not exceeding twenty dollars; and said officers may in writing revoke said permit.

Whoever violates this ordinance shall be liable to a penalty of twenty dollars for each offence to be recovered by complaint for the use of said Town.

Fortieth—To see what sum of money the Town will vote to raise to be used to exterminate the White Pine Blister, and how the same shall be raised.

Forty-first—To see what sum of money the Town will vote to raise to be used to exterminate the Brown Tail Moth, and how the same shall be raised.

Forty-second—To see what action the Town will take with reference to accepting sections 5, 6, 7, 8, 9, 10, 11 and 12 of Chapter 22 of the Revised Statutes of Maine in regard to the building of public sewers.

Forty-third—To see if the Town will vote to ratify, adopt and approve the location of a public sewer as laid out by the Municipal Officers in their return to the Town Clerk and to see if the Town will vote to authorize the Municipal Officers or a Committee appointed therefor, to construct the same or any part of said sewer.

Forty-fourth—To see what instructions and authority the Town will give the Municipal Officers, or such Committee with reference to the construction of said sewer.

Forty-fifth—To see what instruction the Town will give the Municipal Officers with reference to assessing upon owners of such lots or parcels of land as are benefited by the construction of such sewer, such sum as may be just and reasonable, towards defraying the expenses of constructing and completing the whole or any part of such drain or sewer.

Forty-sixth—To see what sum of money the Town will vote to raise for the construction of such sewer and how the same shall be raised.

Forty-seventh—To see what sum of money the Town will vote to raise for the purchase of all the property, rights and franchises, in the Beach Sewer Company, so called, situated at Kennebunk Beach, Maine, and now owned by the estate of Robert W. Lord and Hartley L. Lord, and how the same shall be raised.

Forty-eighth—To see if the Town will vote to adopt the following ordinances:

1. All cattle located in the Town of Kennebunk shall be tuberculin tested.
2. The tuberculin shall be applied at least once every two years by a veterinarian approved by the health officer of the Town and State.
3. No milk, cream or butter, except butter made from pasteurized milk, shall be sold within the limits of the Town of Kennebunk, unless before delivery of the same, all the cattle

which have produced such milk, or milk from which such cream or butter has been produced, so to be sold, shall have been tuberculin tested by said veterinarian within two years previous to the sale of the same.

4. When cattle are added to the herd they shall have a tuberculin test as soon as possible thereafter.

5. All butter, milk or cream produced outside of the Town, which is sold in the Town, shall be from tuberculin tested stock, and said stock shall have been so tested within two years by a veterinarian approved by a health officer of the State.

6. All milk or cream other than that sold at wholesale shall be handled in bottles, and no bottles shall be filled after the dealer has started on his trip from the dairy or milk depot.

7. All butter shall be wrapped and plainly marked with the producer's name and the weight of said butter.

8. Any person violating any of the foregoing provisions shall be subjected to a fine of ten dollars for each offence, to be recovered by complaint for the use of said Town.

Forty-ninth—To act on the petition of Laura S. White and ten others: "To see if the Town will vote to raise a sum of money in addition to a sum of five hundred dollars (\$500.00) donated by the W. P. M. Club and the Neighborhood Association for the construction of a cement sidewalk beginning at a point near the Boston & Maine Railroad tracks at Kennebunk Beach and extending in a northerly direction to a point opposite the Neighborhood House, so called, and how the same shall be raised."

Fiftieth—To act on the petition of Geo. J. Wentworth and nine others: "To see if the Town will vote to place four Hydrants along the main highway, between the Granite State and Sea Side Hotels, the same to be placed at the discretion of the Selectmen and the Manager of the Water District."

Fifty-first—To act on the petition of Geo. J. Wentworth and nine others: "To see what sum of money the Town will vote to raise for the putting the road in shape for Tarvia and to Tarvia same, commencing at the Thompson cottage at Kennebunk Beach and extending to the Railroad crossing at the Lower Village, and how the same shall be raised.

Fifty-second—To act on the petition of Joseph M. Gooch and eight others: "To see what sum of money the Town will vote

to raise for the rebuilding of the plank sidewalk opposite the Sea Side House at Kennebunk Beach, and how the same shall be raised."

Fifty-third—To act on the petition of Leon W. Hutchins and fourteen others: "To see if the Town will vote to raise or appropriate from the road money the sum of \$1,200.00, or any part thereof, to be expended on the Sanford Road, beginning at the residence of W. Lester Watson and working Westerly, how the same shall be raised, and by whom expended."

Fifty-fourth—To act on the petition of Eugene F. Kenney and fifteen others: "To see if the Town will vote to construct a concrete sidewalk at Lower Village, beginning at the junction of the Wells road, and running in a Westerly direction to the school house, and if so, how much money the Town will raise for the same, and how the same shall be raised."

Fifty-fifth—To act on the petition of George W. Larrabee and nine others: "To see if the Town will vote to have a policeman for night patrol from Everett Littlefield's store to the Town Hall; in order to give protection to the property of the Town, and make appropriation for the same."

Fifty-sixth—To act on the petition of George W. Larrabee and nine others: "To see if the Town will instruct the Selectmen to establish a sidewalk grade on Main Street, from the Town Hall to the Mousam River, and to bring a plan of such grade before the next Town Meeting for acceptance by the Town."

Fifty-seventh—To see what action the Town will take with reference to accepting sections 5, 6, 7, 8, 9, 10, 11 and 12 of Chapter 22 of the Revised Statutes of Maine in regard to the building of public sewers.

Fifty-eighth—To act on the petition of Blake Seavey and eleven others: "To see if the Town will vote to construct a sewer together with proper man-holes and catchbasins, in said Town of Kennebunk over and through the following streets and ways:

Beginning at a point on York Street thence running Westerly through York Street to a point near the Mt. Pleasant Cemetery, thence through Hall Street, thence from York Street in the low ground west of the residence of Blake Seavey, in a Southerly direction to and across Hovey Street and to

Brown Street, through Hovey Street a distance of about eight hundred and fifty feet, through Day Street a distance of about one thousand feet, both the above to connect with the Sewer running North and South: then beginning at a point in Brown Street near the residence of William F. Brian, thence running about Westerly and Southerly through Brown Street to or near the residence of George P. Spencer, thence running about Easterly through private land to Mousam River."

Fifty-ninth—To see what instructions and authority the Town will give the Municipal Officers, or a Committee appointed therefor, with reference to the construction of said sewer.

Sixtieth—To see what instruction the Town will give the Municipal Officers with reference to assessing upon owners of such lots or parcels of land as are benefited by the construction of such sewer, such sum as may be just and reasonable, towards defraying the expenses of constructing and completing said sewer.

Sixty-first—To see what sum of money the Town will vote to raise for the construction of said sewer, and how the same shall be raised.

Lastly—To act on any other business that may legally come before said meeting.

The Selectmen hereby give notice that they will be in session at their office in the Town Hall for the purpose of correcting the list of voters, on Saturday, March 3, A. D. 1923, from two until five o'clock in the afternoon, and on the day of said meeting from eight o'clock in the forenoon until the election of Town Officers required by law to be elected by ballot, has been completed.

Hereof fail not to make due service of said warrant, and a return of your doings thereon, at the time and place of said meeting.

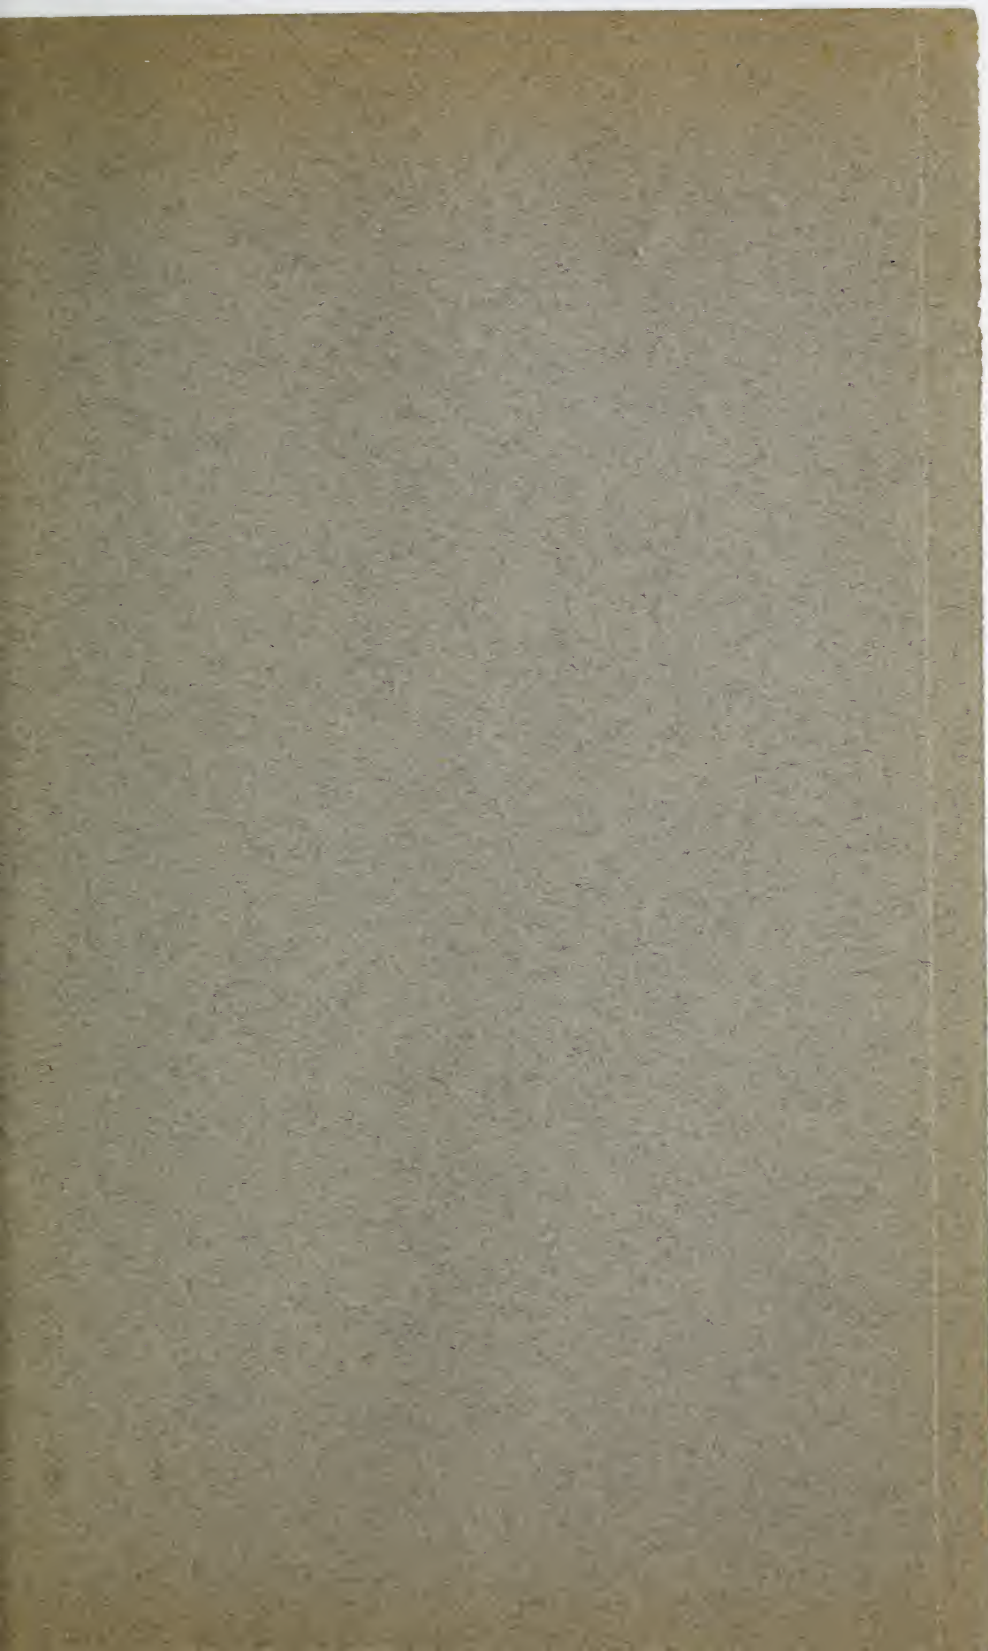

Given under our hands at Kennebunk, Maine, this twenty-fourth day of February, A. D. 1923.

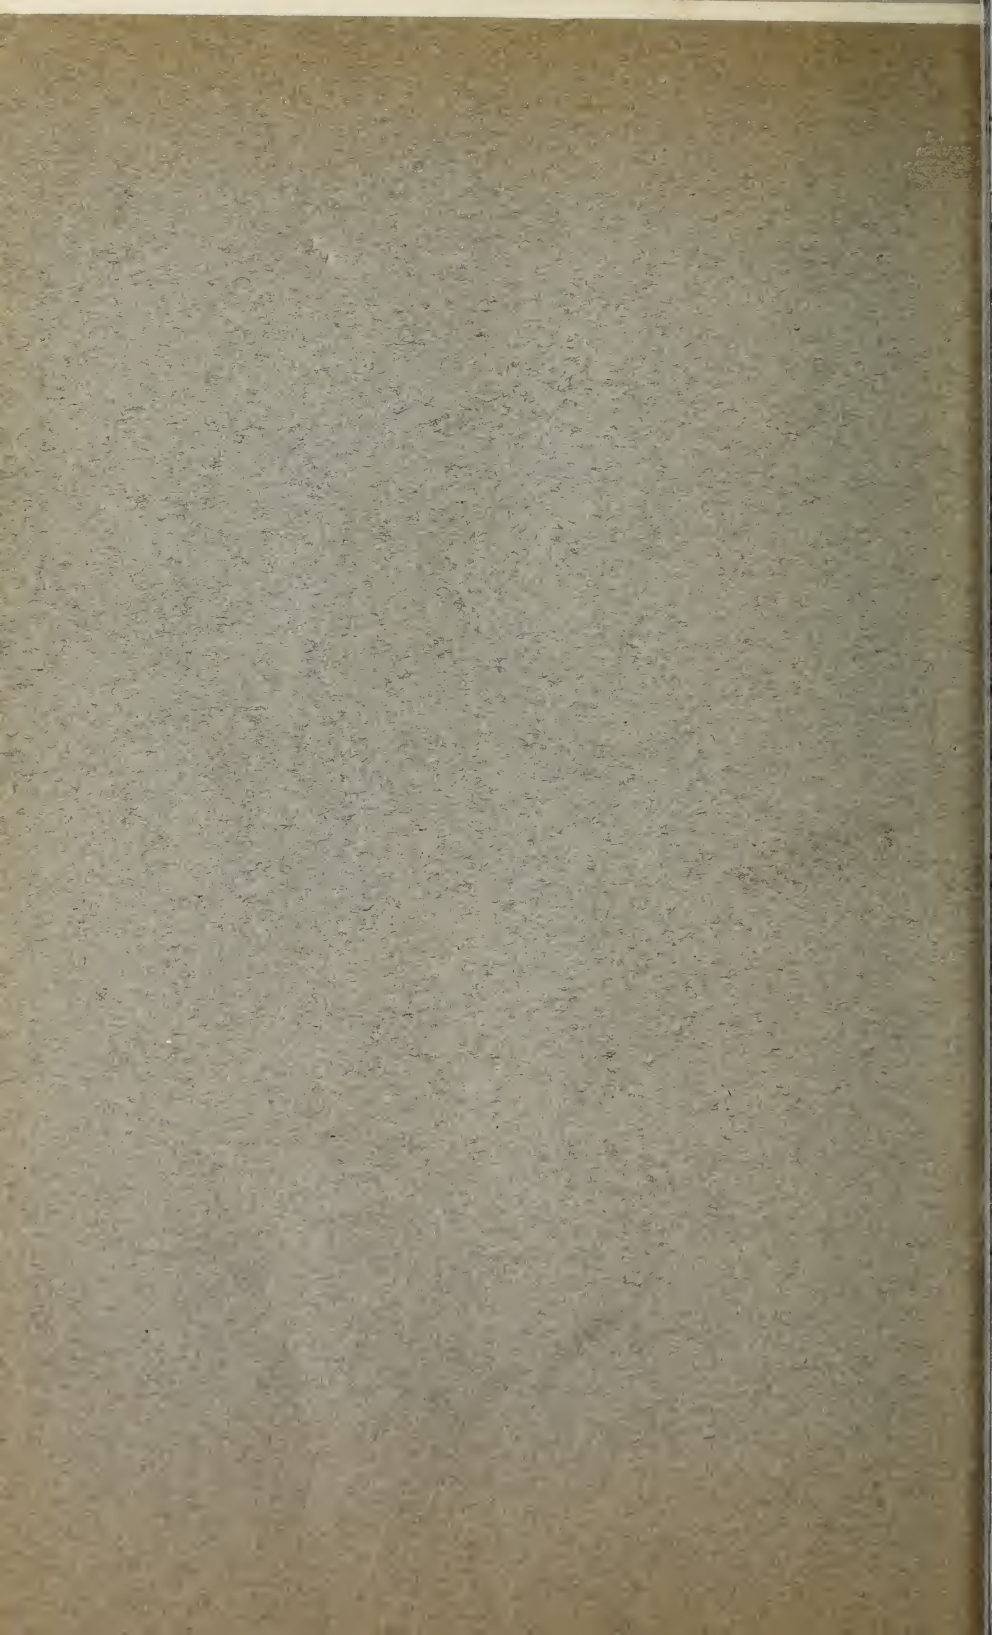

ELMER M. ROBERTS,
HOWARD T. BURKE,
GEORGE J. WENTWORTH,
Selectmen of Kennebunk.
